

## **Census Bureau recruiting for temporary workers in Hawkins County - 380 applicants needed**

The pay rate begins at \$13.50 per hour plus 58 cents per mile in travel reimbursement and all positions include paid training. Census takers have flexible work hours including opportunities for daytime, evening and weekend hours.

The U.S. Constitution requires a count of every person living in the United States and its territories every 10 years. The information produced by the census determines how much influence each state has in our federal government, it is used in setting boundaries for local voting districts, and it affects funding for local public services. Census workers ensure that we count everyone once, only once, and in the right place.

### **AVAILABLE JOBS:**

- \* Census takers work in the field. Some field positions require employees to work during the day to see addresses on buildings. Other field positions require interviewing the public, so employees must be available to work when people are usually at home, such as in the evening and on weekends.
- \* Census field supervisors conduct fieldwork to support and conduct on-the-job training for census takers and/or to follow-up in situations where census takers have confronted issues, such as not gaining entry to restricted areas.
- \* Recruiting assistants travel throughout geographic areas to visit with community-based organizations, attend promotional events and conduct other recruiting activities.
